Hi Mr. (b) (6)

I just wanted to follow up on our earlier phone conversation and send you my contact information (see below.) I appreciate all of the information you had about the Kenai and the monitoring efforts that have been going on there. I will certainly keep all of that in mind as I review AK's upcoming 303(d) list, and will review the Kenai reports myself. Please do not hesitate to call me anytime you have concerns about issues in your area. I do also encourage you to submit comments during ADEC's public comment period for the 2012 303(d) list, which should open shortly. Thanks so much for your interest.

Sincerely,

Jill Gable
